

Days for Girls provides reusable feminine hygiene kits and educational materials to girls in developing countries.

This past year, Day for Girls has partnered with **Detroit Period Project** and **Anchored Hope**. These organizations provide disposable menstrual products to girls in school and homeless women on the street.

We continue to collect the items needed for the hygiene kits:

100% cotton flannel and quilting fabric

100% cotton washcloths

Underwear, colors if possible, (brief style)

100% cotton: Girls' sizes 8, 10, 12 or 14

Women's sizes 6, 7 or 8

In addition, we are also collecting sanitary napkins and tampons.
