

Days for Girls

During the month of May, the Social Ministry Committee and the Women of the ELCA are coordinating support for Days for Girls International—an organization devoted to restoring dignity and opportunity to women and girls by providing reliable, reusable feminine hygiene kits.

Many girls around the world lack access to basic sanitary products, often missing school or work as a result. Days for Girls helps meet this need with kits that last up to three years, along with education on health, hygiene, and personal safety. Their efforts have reached over 3.5 million people globally.

We are grateful to share that, according to a recent letter of thanks, our contributions in 2025 have made a meaningful impact across the world, including:

Belize (January)–50 kits

Philippines (February)–328 kits

Spain–50 kits

Peru (March, DO CARE MI–Maya)–150 kits

South Sudan (March)–34 kits

Haiti (April–Nancy Smith)–80 kits

Philippines (June)–203 kits

Costa Rica (June–Nancy Anderson)–85 kits

Peru (June–Marie Robson)–160 kits

Peru (June–Olivia)–160 kits

Honduras(July)-40kits

Haiti(July)-120kits

UnitedStates(December)-200kits
